Re: Ex Parte Presentations; Inquiry Concerning  
High-Speed Access to the Internet Over Cable and Other Facilities, Gen  
Docket No. 00-185

Dear Ms. Salas:

On August 16, 2001, representatives from Excite@Home, Darryl Cooper, David Cross, Sunil Daluvoy, Milo Medin, and Mike Wendling, met with Royce Sherlock, Anne Levine, Peggy Greene, Mike Lance, Priscilla Wu, William Cox (all of the Cable Services Bureau), John Berresford (Common Carrier Bureau), Alan Stillwell, Jerry Stanshine, Yoon Chang (Office of Engineering and Technology), Robert Pepper and J. Scott Marcus (Office of Plans and Policy). As summarized in the attached document, Excite@Home presented various engineering and operational issues related to supporting multiple Internet Service Providers (ISPs) over cable networks. The presentation also detailed Excite@Home's multi-ISP platform. Based on Excite@Home's network assets and intellectual property, this platform offers time-to-market and cost effective solutions that benefit cable operators, as well as ISPs in a multi-service provider environment.

Pursuant to section 1.1206(b)(2) of the Commission's rules, one copy of this Notice is being submitted electronically to the Office of the Secretary. Copies of the Notice are also being distributed to the Commission personnel involved.

Sincerely,

Darryl Cooper  
Corporate Counsel
